Small Worlds Dubai

Interactive Miniature World – The Only One in MENA

School Explorer Visits

Small Worlds introduces an aweinspiring and innovative attraction concept that is new to the MENA region. It transports both young and old through a captivating world full of exploration and interactions, offering a carefree experience for parents and teachers.

Meet Small Worlds

Our world is designed to show how the Real World functions and fits together.

- Travel through continental Europe from sea to mountains
- Experience the creative environment of model worlds
- Encounter operating logistics systems in a new light
- See digital automation in a different practice
- o Interact with the Small Worlds

The learning experience

Small Worlds showcases the vast and complex outside world in a smaller and more accessible format. It provides a visual and interactive learning environment that encourages students to explore and find solutions for current challenges.

Integral development

- Higher order of thinking
- Observation & Awareness
- Curiosity & Wonder

Engaging with STEM-based task questionnaires, students dive into an interactive learning environment where they can grasp practical, real-world concepts.

Look - Think - Learn
